FOR THIS EXCITING TOUR & PRESENTATION!**

## Discover the Toyota Production System (TPS) in Action!

Join industry leaders at our exclusive event to explore how Walker Manufacturing Group has been successfully implementing TPS since 1988.

<https://www.walkermanufacturing.com>

*The Toyota Production System (TPS) is a highly effective manufacturing philosophy that emphasizes efficiency, quality, and continuous improvement. Over the past 35 years, Walker Manufacturing Group has embraced TPS principles with direct teaching from Toyota and their TPS experts. They have utilized TPS in all of their facilities through the United States to enhance their operational processes, reduce waste, and improve product quality.*

**NOTE: Exclusive to manufacturers and distribution management professionals. A waitlist is available for all others. For more information, contact Debbie Smith at [dsmith@mfgcouncilie.com](mailto:dsmith@mfgcouncilie.com). or visit, [Events – MCIE](#) For membership information visit [Membership – MCIE](#).**
